FIG. 4

FIG. 5 is a block diagram of a system 500 for displaying program information. The system 500 includes a display 510 and a processor 520. The display 510 displays a list of programs 530, including program details 535, a rating 536, and a time 537. The processor 520 is configured to process the program information and generate the display 510.
